Host Company Description:

This is a multilayer digital marketing firm that combines creative output with no-nonsense success metrics. The company provides full service marketing solutions, not just pretty pictures. They frequently sponsor J-1 visa internships and usually have several at a time.

General Applicant Qualifications:

- To apply for an **internship** program, you must be a **Web/Graphic Design** undergraduate student OR a recent graduate starting the program within 12 months of graduation.
- To apply for a **trainee** program, you must hold a **Web/Graphic Design** degree and at least 1 year of work experience OR be a career professional of 5 or more years in related field.
- Excellent English communication required

a) Website Developer—position has been closed

Description:

The Web Development Intern will be required to implement development requests. They must be able to program well, especially for the web. This will require knowledge of internet-based computer languages. They will be building (according to their ability) everything from websites to databases to software to iPhone apps.

Skills Needed:

- 1+ experience in overall web development
- Experience with PHP; OOP & basic knowledge of design patterns
- MySQL, x(HTML), JavaScript/AJAX
- CSS & HTML-markup
- Experience with PHP frameworks or popular CMS

Desired Concentrations:

- Computer Engineering
- Computer Science
- Software Engineers

b) Website Designer

Description:

The Web Design Intern will be required to implement design ideas into practical solutions for our clients. The candidate will be shown firsthand the integral role of technology-inspired design in today's marketing atmosphere. They will be given varying design projects which will range from iPhone game design and website creation, to collateral design and special projects. Experience with Adobe Illustrator and / or Adobe Photoshop or something equivalent is mandatory for this position as you will be making finalized pieces for submission to clients.

Skills Needed:

- Adobe Photoshop (Moderate to Expert)
- Adobe Illustrator (Moderate to Expert)
- Adobe In Design (Any Level)
- Flash
- Markup (HTML)

Desired Concentrations:

- Computer Engineering
- Computer Science
- Software Engineers
- Web / Graphic Design

How to Apply:

1. Submit professional resume (preferably with picture)
2. Indicate availability dates (start and end date)
3. Indicate program category: Trainee or Internship
4. Indicate offer number and position title for which your candidate is applying for
5. For Web Designer only: you must submit a portfolio of past work to be considered. Portfolio must be related to web design.
